### NOT YET ANSWERED.

Spanish Reply to the United States Not Made Public.

ITS CONTENTS CAN BE GUESSED AT

State Department Officials Will Have Some Pertinent Facts to Present in a Way of Reply-International, Law Has Not Been Violated-Cost of Keeping Up the Florida Patrol Service.

WASHINGTON, Oct. 26.-Up to the close of office hours yesterday Spain's reply on the Cuban question had not reached the president or state department. It was stated also in other quarters by those in a position to know what had occurred at Madrid, that the answer had not yet been delivered to Minister Woodford. It has been approved by the cabinet, however, and is to be communicated to Minister Woodford in the near future.

It is not doubted among officials that the basis of the Spanish reply to Mr. Woodford's note will be the charge that the United States has not observed the requirements of international law in the matter of preventing filibustering. In this case, the state department will have some pertinent facts to present, which its officials believe will completely alienate from Spain any sympathy that she may have attracted from other European nations on that score. It is asserted positively that in no single case where the Spanish authorities have brought to the attention of our government the fact that an illegal expedition was about to start from our shores for Cuba, has it neglected to use all the means permitted by our laws to prevent the start. - It has been so indulgent in this respect as to accept statements from the Spanish officials not accompanied by proofs of the facts alleged, but mere suggestions that they had reason to believe that an expedition was forming.

In cases our government has proceeded to lengths in restraint of American commerce on insufficient evidence furnished by the Spanish government that has resulted in the preference of large claims by American shipowners for illegal detention of their ships. Then the expense of maintaining the patrols along the Atlantic and gulf coasts has been very heavy. Every time the state deyartment has been obliged to call upon a collector at a port the result has been a heavy bill of expenses, for tugs, special officers and other charges, while the attorney general's office and in fact most of the executive departments have been put to more or less trouble and ex-

pense. The navy department especially has been embarrassed owing to the necessity for diverting vessels from other places for the disagreeable Florida patrol. One official roughly estimated the expense the United States has been put to to protect the Cuban coast for Spain at about \$2,000,000. This is probably a large estimate, but one naval officer who is thoroughly cognizant of the strain put upon the department by the patrol, stated that it would really be cheaper for the United States to send a fleet to Cuba and blockade the coast there against incoming filibusters, than to try to stop them on our own extensive

Altogether the officials here are confident of their ability to show that the government has more than complied with the requirement of international law, which as laid down in the Alabama arbitration simply demands that a nation "use due diligence," to prevent the departure of hostile expeditions.

On this phase of the case, the correspondence may be kept alive between the state department and the Spanish government until congress meets, but it is expected that unless some results in the direction of the suggestions of Mr. Woodford are forthcoming by that time, the president will refer the entire matter to congress and await its order.

A denial was made by an authoritative source that Minister Dupuy de Lome had intimated to the state department that Spain would resort to the search and seizure of suspected American vessels on the high seas if filibustering expeditions continued to leave this country. The reports, it is believed, grow out of visits made by the minister to the state department last Monday and Thursday. At these visits he called the attention of the officials to the circumstances of the departure of the alleged filibuster Silver Heels, after the authorities were put in possession of explicit information of the plans of the vessel. Regret was expressed by the minister at this occurrence, as it was felt that it would create a bad impression at Madrid at a time when the government was maturing its policy. Beyoud this, however, the minister made no reference to retaliation upon American vessels, or as to searches on the high seas. It is said a prerequisite to such action would be an announcement by Spain of the blockade of all the ports of Cuba, and certainly no step along such radical lines has been proposed thus far.

The diplomatic procedure in connection with Spain's reply to the Woodford note is that it will be communicated to him by the minister of foreign affairs at Madrid. It will not be sent to Minister Dupuy de Lome, as it is distinctly a part of communications between Minister Woodford and the Madrid officials, and is not an exchange of notes between the state department and the government of Spain. As inti-mations have been made that the in-structions to Minister Woodford would be made public at Madrid, the statement was made by officials here that no publication of the instructions before the assembling of congress would be ap-

proved by the United States, and with out this approval it would be contrary to the usage of diplomacy for the Ma-drid authorities to make public the corespondence.

STORM AND HIGH TIDE. Great Destruction Done to Property

Along the Jersey Coast. CAPE MAY, N. J., Oct. 26 .- One of the fiercest northeast gales of years has swept the lower Jersey coast and up Delaware bay for the past 24 hours. Many vessels have been stranded and there is an unconfirmed report that a ship has gone down off shore. A fleet is riding at anchor within the harbor, unable to proceed either way and the meadows are so inundated that railroad a velocity of 30 miles. Portions of the board walk have been swept away, as well as cottage porches and fences, and

ESCAPED FROM THE PENITENTIARY. All England Looking For Rev. C. B. F. Howard.

Logdon, Oct. 26.—Posted in every police station in the United Kingdom is a photograph and description of C. F. B. Howard, the ex-preacher who escaped about six weeks ago from the Columbus (O.) penitentiary, where he was confined under a long sentence of the United States courts for swindling.

This unusual interests in the capture of an American criminal is the result of an appeal to Scotland Yard from W. P. Hazen, chief of the secret service division of the United States treasury department, based on the fact that Howard had been tracked to this country. Scotland Yard cordially refugitive was born in this country and his father, a retired policeman, is now living in this city.

A MORGUE BURGLARIZED.

Five Dead Bodies Stolen by Chicago Thieves.

CHICAGO, Oct. 26.—Five dead bodies -four men and one woman-were stolen Sunday night from the morgue at Dunning. The corpses were removed by men who forced open the doors of the morgue. The bodies were those of paupers at the county asylum. The robbery, from all indications, had been carefully planned and done in a most deliberate way. The Yale lock on the door had been broken and the windows covered with strawboard to conceal

those who were working inside. The bodies were undoubtedly wanted for medical purposes, as of the 12 those were taken in which consumption

had been the cause of death.

Whipped by Masked Men. BLOOMINGTON, Ind., Oct, 26.—Word has been received of a White Capping episode, this time located in the southern part of the county. John Wright, who is over 70 years old is the victim, and the reason, as alleged, is that he could not support his family. The door of his home was broken down with fence rails, 20 masked men entered the house and the old man was dragged from his bed and severely whipped through Bloomington on horseback last midnight.

Eleven Deaths and Fifty-Seven New Cases in New Orleans Two Deaths in Memphis and the Inhabitants Are Coming North-Seven New Cases at Mobile-Reports From Other Infected Places.

New Orleans, Oct. 26 .- The past 24 hours was the worst day yet of the fever situation. There were 11 deaths and 57 travel to the coast resorts is practically suspended. The tide here is abating somewhat, but the wind is maintaining highest number of deaths in a single day were nine. Total cases of yellow fever to date, 1,211; total deaths from yellow fever to date, 138; total cases absolutely recovered, 622; total cases under treatment, 451.

Unfortunately there continues to be concealment of cases here, fatalities occur because medical attention is not called in, and the masses for the time being are in a revolutionary mood because of the enforcement of the system of house quarantine, and are resorting to every means in their power to put obstacles in the way of the constituted authorities. It is generally agreed here that the house quarantine is not

accomplishing the results expected.

When the fever first broke out efficient guards were placed about buildings in the hope that the foci might be restricted, but today there is no quarter of the city that has not reported cases and the germs are being spread, as has heretofore been shown in these dispatches, by reason of the fact that inmates of infected houses have been successful by means of rear exits, in eluding the vigilance of the guards stationed in front of premises by the authorities.

HOW THEY DO IN NICARAGUA. An American Citizen Sentenced to the Penitentiary Without a Trial.

Managua, Nicaragua, Oct. 26.-John Augustine, an American citizen, was arrested at San Carlos, at the mouth of the San Juan river on Sept. 24 by order of President Zelaya's brother, without any pretense of a trial, and imprisoned in the penitentiary. Mr. Augustine was formerly United States consul at Bluefields, Mosquito territory, and is at present in charge of the Navigation company's steamer on the San Juan river. About Oct. 3 Mr. Augustine succeeded in sending word of his imprisonment to the United States consul at Managua, who, it is claimed, informed the prisoner that he could do nothing fcr him, citing, it is alleged, the instance of two tramps from the United States who had been arrested several months ago for cause, and who were shipped out of the country. However, about Oct. 5 the fact of Mr. Augustine's imprisonment became known to United States Minister Baker, who wrote to President Zelaya on the subject, with the result that the prisoner was allowed to leave the penitentiary on parole with orders not to leave the city of Managua.

The facts in the case seem to be that the government of Nicaragua, several days previous to the arrest of Mr. Augustine, had forcibly taken possession of the steamers of the navigation company and was running them to suit itself. On Sept. 28, Mr. Augustine was ordered by a government official to direct the movements of the boats, apparently for the purpose of getting the company to feed and pay the officers and men on board. This Mr. Augustine refused to do unless the boats were turned over to the company, and he received over the boats were the company of the part of the company. ceived orders from the latter to comply with the government's demands. Under these circumstances, Mr. Augustine requested the Nicaraguan military officer, commanding at Fort San Carlos, to telegraph to the company for instructions. But, instead, it is asserted, this officer telegraphed something to his superior officer, which caused an order for the arrest of Mr. Augustine to be issued "whether he is a citizen of the United States or not."

FOUR DAYS IN A BLIZZARD. Close Call of a Party of Six From Death on the Dalton Trail.

SEATTLE, Wash., Oct. 26 .- Only the merest chance and the lucky discovery of the half hidden trail by one of their number saved six members of a party headed by P. L. and Julius Trippe from a horrible death by starvation on the Dalton trail late in September. The party consisted of the Trippe brothers, formerly of Chicago; Charles Wilkes of Whatcom, Charles C. Dugas, a miner from Juneau; John Fry of this ity and W. Gillies of Woodman, a prospector, living at Fort Wrangel. They left Dawson City for the states in a small steamer Aug. 28 and after reaching Fort Selkirk prepared their outfits for the long and arduous journey

over the Dalton trial. A week after leaving the Yukon river they encountered a deadly Alaskan blizzard. The trail was covered with snow until they lost their bearing. Their provisions ran out and after groping for three days during the blinding snowstorm they were finally rescued by Indians and taken to Dalton trading post, where they obtained the first real food they had had for nearly four days. After resting for two days they resumed their march to Chilkoot pass and reached the end of their journey without further mishap. All of the men were very weak from their suffer-ings and it will be several days before they are restored to their accustomed health.

Steamer City of Seattle Reaches Victoria With a Hundred Passengers.

VICTORIA, B. C., Oct. 26.—The City of Seattle has arrived from the north with 100 passengers, including Cliff L. Moore and son and M. C. Woodring of of Seattle, who poled up the Yukon river from Dawson and came out over the Dalton trails.

She also brought news of the drowning on Lake Bennett of Joe McManus and Peter Wyvelle of San Francisco. A storm sprang up and in the tacking of sail McManus fell overboard. Wyvelle jumped in to save his companion and was dragged to the bottom by him. Moore and Woodring scout the idea

of starvation at Dawson City and say that the talk of epidemic diseases is all imagination. The stores have stopped selling provisions because they do not want outsiders to get a corner on the goods. Moore saw a wrecked boat on the river, but could not ascertain the whereabouts of its occupants.

XENIA. O., Oct. 26.-With the present state of intense feeling between the white and colored people of this city, engendered by the assault of William Carter, the negro, upon Miss Kate Swabb, it would take very little to precipitate a race war. Carter has many negro friends here who do not hesitate to defend him, altough the better class of colored people condemn him.

Last night Joseph McDonald, a prominent contractor, was sandbagged in the heart of the city by two colored men, the assault presumably being brought about by the stand taken by McDonald in the Carter case. Greatest Crop in the World Now Stored in Toledo.

TOLEDO, Oct. 26. - In the Toledo warehouses today there are over 175,000 bags of clover seed, more than is in any other city in the world. On the market it is worth \$3.40 for cash and October and \$3.45 for December delivery.

At this time last year, when clover seed was very scarce, it was up to \$5.25. Last year at this time there were but 18,000 bags here, and little clover in Europe. The European and continental crop is large this year and the United States 1897 crop is the largest ever known.

"FATAL indifference" is what the Ohio Republicans profess to be afraid of. They are finding Mark Hanna a very big load to carry.

A WEEK from to-day the election will occur, and following that comes an exceedingly cold time for the bums who are now making life miserable for the candidates.

THE Philadelphia Record, in comment- Is This Old Riverman Who Was Once ing upon the Democratic victories at Indianapolis and Chattanooga, says: "There isn't chaff enough in the big wheat crop to blind the eyes of all the voters in the

THE Courier-Journal sends out a plea for votes for Hindman, but is candid enough to admit he hasn't any show of election. A small showing for Hindman would be a more serious blow to the C .-J. than to Hindman himself. That's why it is crying for votes.

THE Chicago Chronicle insists that justice to the memory of a great man demands that a stop should be put to the jocular custom of dubbing the junior Senator from Ohio "Marcus Aurelius" Hanna. The Emperor Marcus Aurelius Antonius, though he lived 1,700 yeas ago, never smashed a labor union, never bought a delegate to a National convention, and never "fried the fat out of a manufacturer."

THE revolt among the colored Republi cans of Jessamine County and their nomination of a full ticket will cut quite a figure in the election in that county next week. The leaders of the revolt are Rev. J. W. Daugherty, a Baptist preacher, and W. C. O. Benjamin, a lawyer. All of the negroes nominated by this independent Republican organization are said to represent the best element of their race. Without the assistance of the negroes, the white Republicans of Jessamine stand no show of winning, and the same is true in almost every other county in the State.

Among those asking office at the hands of the people of this county at the present time no one is more thoroughly qualified for the position he seeks than Mr. Frank P. O'Donnell. We believe all who know Mr. O'Donnell will admit the truth of this statement. A man of the strictest integrity, his daily life has been such as to merit the fullest confidence and esteem of the public at all times. Sunday's Rally the Best Attended For Some Time-Meetings of Various Committees-Fall and Winter Work.

The rally Sunday afternoon was the best attended for some time, nearly sixty men being present. The address by the Rev. S. D. Dutcher on "Loyalty to the Church" was exceptionally good and many were the expressions of help derived therefrom. These "loyalty" talks are proving attractive and helpful, and no man can afford to miss them. As Rev. B. K. At the same hour and day, the Soliciting Committee will meet to compare notes and arrange for the completion of the canvas for "ladies' fund."

The members of the Religious Work Committee will discuss two or three important matters at their regular monthly meeting this (Tuesday) evening at 7:30 o'clock.

Plan to attend the opening reception on Friday evening. A fine musical program and other features will be provided. Members and other young men of the city cordially invited.

The Board of Directors will hold a meeting on Saturday evening to transact some important business.

Full announcement of the fall and winter campaign will be made in these columns some time during this or next week. The association officers will also be pleased to give you at any time information concerning the privileges and work of the association.

### ON EASY STREET.

Interested in the Maysville and Cincinnati Trade.

[Enquirer, October 25th.]

Captain H. C. Hieatt, of San Francisco, a native of Boone County, Kentucky, and who lived for years in Covington, and ran boats to Maysville, is at the Gibson with his wife to see old Cincinnati friends. Captain Hieatt went from Covington to St. Louis and engaged in the banking business, thence to San Francisco, where he has retired on "easy street."

"California would have gone handily for Bryan and free silver last fall," said the Captain, "but for the little flurry of intended having for his Sunday dinner. 6 or 8 cents a bushel in wheat just before | The thief was considerate, however, and the election, which caused several thou- left Ed. four. sand wheat growers to change over, and the rest of us Democrats to hang our heads in shame at such foolishness. Free silver has gained ground in California, and will be in line beyond doubt by the next election. Mr. Bryan has lost none of his popularity and power among the masses. I was talking with Mr. John D. McLean, of San Francisco, a native of Todd County, Kentucky, who has made \$1,000,000 out of gold mines and not a dollar out of silver mines. He told me that he favored the free coinage of silver because he believed in it from an unselfish standpoint, and that it would be of benefit to all the American people. This is true. We must have a freer and more plentiful circulating medium, so everybody can get some of it, and not such a scarce, dear one that people are forced to beg for it. At first I was against the annexation of Hawaii, with its alien population, but it is such a splendid naval key to the Pacific Ocean that I now believe it would be best for us to have it. However, our people on the coast are much divided on the subject."

For Old Kentucky to Again Take Her Place in the Democratic Column.

State Chairman Johnson Urges All Democrats to Do Their Duty Next Tuesday.

following proclamation:

LEXINGTON, KY., October 24th. To the Democratic Voters of Kentucky: It is my duty to tell you that the outlook for Democratic victory all along the line is good, and that if each one of you will do your duty, as I know you will, our grand old State will again take its place in the Democratic column, where it belongs.

The contest is between Democracy and Republicanism, and is of such magnitude that it will control Congressional elections next year, and may determine the Presidential election in 1900. All men who oppose the rule of the Republican party fight with us, and those who favor Republican rule oppose us.

A few spoilsmen and enemies of our party, sonal advantage from the deception, keep our State ticket in the background, and would have you join in the betrayal of it. The open enemy challenges respect by his boldness, but those who fight for him, while pretending to be friendly, are to be watched but not to be trusted or respected. Any man who seeks local success at the expense of our State candidate is the enemy of the Democratic party, State and National, and forfeits all claim to Democratic confidence or support.

The acceptance of a Democratic nomination is a pledge of loyalty to the party and to its nominees. A candidate who does not so consider it has no claims on Democratic votes.

The interests of our party demand that you should not make any alliance that does not strengthen our State ticket, or recognize the claims of any candidate to your support who does not work for Shackleford and avow his purpose to vote for him. Between candidates who do not support our nominee for Clerk of the Court of Appeals Democrats are free to chose whether such candidates claim to be Democrats or belong to the Republican party or its helpers.

Splendid work is being done throughout the State, especially by the local organizations, which keep in mind the importance of both State and local success. In places where corrupt men are willing to abandon principle for plunder, the rank and file are on guard and will see that the betrayal is not consummated.

### Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. or \$1.00 per bottle at J. ### Vincent Perkins' Luck.

The Chicago Times-Herald, in reporting the convention that nominated Vincent H. Perkins for a Congressional vacancy in Chicago, publishes this sketch of Mr. Perkins: "Vincent H. Perkins, the nominee, was born in old Kentucky, at Tollesboro, September 25, 1856. He was admitted to the bar in 1878 and has followed the profession of the law ever since. He was Deputy Internal Revenue Collector of the Seventh district of Kentucky for two terms under General Robinson and Major Shelby, and resigned his position in 1894 to come to Chiacgo. Mr. Perkins was elected North Town Supervisor last spring by a large plurality. He is possessed of personal magnetism, and his political luck has been a subject of comment among politicians. He resides at 194 Cass street, and is married. The nominee has supreme faith in Democratic principles, and declares he will be elected in the coming contest."

### Democrats Stand Together.

RICHMOND, KY., Oct. 25.—The two wings of the Democratic party, following the example of the Louisville Democrats, present an unbroken front to the enemy this fall. The party was never welded together tighter, and will put up the best race of its existence. The canvass is being conducted on local issues. The Democrats say they will win in each race by handsome majorities.

### FARMHOUSE ROBBED.

### Inmates Bound by Two Masked Men Who Take Their Time to Work.

Indianapolis, Oct. 26.—Two masked men broke in the door of the home of Samuel and John Hicks at Monrovia. Ind., Sunday night at 9 o'clock and bound the family hand and foot in bed. The robbers then searched the house and secured \$112. In tying the hands [Furnished by Glover & Durrett, Louisville Toof Elsie, Samuel Hicks' little daughter, one of the robbers said: "What a pretty little girl you are." After the robbers had secured the money they ate a lunch of pie and milk which they found, calling another masked man in the yard to join them. They handed pie out of the door to a fourth man.

After bidding the little girl goodby they told Mrs. Samuel Hicks to keep the men in the house, as they intended to do more work in the neighborhood. Mrs. Hicks therefore refused to untie the men's hands for a time, fearing they would go out after the robbers and come to harm. The robbers worked in a systematic way as if they had had long and steady experience in their line.

Healthy, happy children make better men and women of us all. A little careland a little planning before birth is often more important than anything that can be done after. On the mother's health and strength depend the life and the future of the children. A weak and sickly woman cannot bear strong and healthy children. Most of the weakness of women is utterly inexcusable. Proper care and proper medicine will cure almost any disorder of the feminine organism. Dr. Pierce's Favorite Prescription has been tested in thirty years of practice. It is healing, soothing, strenthening. It is perfectly natural in its operation and effect. By its use, thousands of weak women have been made strong and healthy -have been made the mothers of strong and healthy children. Taken during gestation, it makes childbirth easy and almost painless and insures the well being of both mother and child. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.
